

KPHC Blood Bank History Check Job Aid

1. After opening the patient's chart in KPHC, go to the **Labs** tab and click on **Results Review**.

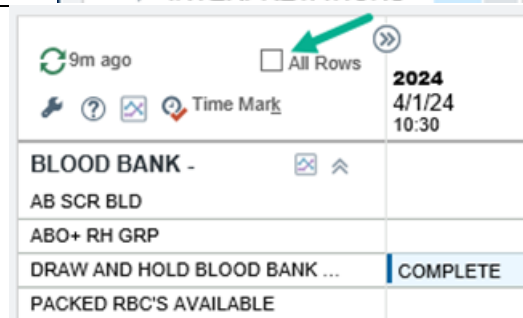

Warning: KPHC is a patient electronic health record (EHR). Only access information necessary for BB work. HIPPA violations will result in termination.

2. Click the arrow on the **HEMATOLOGY RESULTS** row to expand the Hematology group, then click on the **BLOOD BANK** row to select it. All other rows will be deselected which just leaves the blood bank results.

3. In the results, click the box for **All Rows** to make sure all the blood bank results show.

KPHC Blood Bank History Check Job Aid

4. You can scroll to the right to review the history of all the results.
