

JSUMC - Laboratory Mehandru – Third Floor

FIRE EMERGENCY CHART – NIGHT SHIFT (11pm – 7am)

IMMEDIATELY, IF YOU DISCOVER FIRE, HEAT OR SMOKE:

Activate the nearest fire alarm boxes within the lab:

- by the chemistry refrigerator behind the big AC and the power processor aliquorer module
- by the lounge door,
- in front of the microbiology main door,

and announce “**Code Red**” and give location Telephoning Switchboard @ # 88

Remove from immediate danger any persons in close proximity to the fire or smoke.

Close all doors and operate fire extinguisher as directed by the Lab Fire Response Team Leader, if the fire is small and conditions are safe.

Evacuate Lab, using safest exit; go to central meeting place, perform roll call and ensure all persons are accounted for. Search all rooms including bathrooms
