Accessing LabNet

Introduction

This procedure provides instructions for how access Labnet. Labnet is the intranet based, regulatory required test menu for the SCPMG Laboratory System. All tests performed at any SCPMG Laboratory is listed in LabNet as well as tests performed at approved reference laboratories such as Quest Diagnostics and ARUP.

Scope

This procedure is intended for anyone needing to use LabNet as a resource for SCPMG Laboratory test information.

Safety or Special Safety Precautions

Refer to the safety manual for general safety requirements.

Procedure

Follow the steps below to access LabNet

Title				
Step	Action			
1	Click on Internet Explorer on your desktop or in the bottom bar.			
	-			
2				
	If	Then		
	your home page is	click on Quick Links		
	"Inside KP – Southern	• choose LabNet		
	California"
