

RED RULE is called out when a health care worker missed a moment to clean their hands.

WHO CALLS? Any one.

WHEN? When any of the 5 moments of Hand Hygiene is missed.

HOW? Quietly say "RED RULE."

WHO ME? If "Red Ruled," graciously perform Hand Hygiene at that moment.

- Nails should not extend beyond the fingertips.
- Nail polish that is unchipped and applied within 4 days may be worn.
- Artificial nails, nail tips, silk wraps are prohibited if giving direct, hands-on patient care.
- Rings other than plain bands are discouraged.
