

CLINICAL ALERT

Type & Screen

Type & Screen is often ordered wrong!

DO NOT SEARCH TYPE + SCREEN by searching the word TEST or it will pull up ABO/RH TYPE in the preference list as the first choice and will not display Type + Screen

Order Search

The screenshot shows a search interface with a search bar containing the word 'type'. Below the search bar, there is a section titled 'Procedures' with a list of results. The first result is highlighted in blue.

Code	Name
LAB5270	ABO/RH TYPE
LAB5012	B TYPE NATRIURETIC PEPTIDE (BNP)
LAB5837	HSV 1 AND 2 IGG (aka HERPES SIMPLEX TYPE 1 AB, IGG)
LAB6401	HERPES SIMPLEX VIRUS (HSV) DETECTION BY PCR (aka HERPES SIMPLEX VIRUS TYPES 1 & 2...

Type and Screen

Type/Screen, EPIC: LAB5274

To find the correct test enter the following when searching:

- LAB5274
- Type/screen

WARNING: Searching just the word Type will not display Type/Screen in the preference list. It will appear in the Database list..
