How to handle PACU orders (post surgery)	<ul style="list-style-type: none"> • PACU are lab collect • All lab collect will be our responsibility • Lab may call PACU to ask if they nurse will draw blood, but if they said no, we have to draw. • Except for PTH- nurse must draw 	Phlebotomist
Modified Q score vs Respiratory Culture	<p>Modified Q Score- correct order for expectorated sputum</p> <ul style="list-style-type: none"> • If good specimen- it will reflex to culture- Phlebs will plate. • Not good specimen- CLS will result- no need to call floors <p>Respiratory Culture</p> <ul style="list-style-type: none"> • Always plate- no Q score needed- do not cancel bec Q score did not pass. 	All Staff
Critical call documentation	<p>3 missed/incomplete critical call documentation in July.</p> <p>Inpatient Critical Call Documentation</p> <ul style="list-style-type: none"> • Notify the licensed caregiver within 15 minutes from the time the final laboratory critical result/value is verified. • This documentation includes, laboratory staff's NUID, date and time of call, first and last names or NUID of the recipient, and "readback" of the critical test result. • We also ask for recipient title and location 	CLS
Lactic acid	<ul style="list-style-type: none"> • Lactic acid critical result is still 2 and up. Continue to call and document all Lactic acid results 2 and higher. The change to 4 and higher is not live yet. The go live date was postponed and will take place with KPHC upgrade. 	CLS
Proficiency resulting	<ul style="list-style-type: none"> • Reminder to use Cerner results when resulting Proficiency tests on result forms. 	CLS

This concludes the Minutes of the 7/28/2020 Lab Staff Meeting.
