Laboratory Reportable Requirements by County

Purpose:

Laboratory reportable requirements by the California Department of Health (CDPH) and additional local (county) public health requirements will be reviewed on an annual basis.

The web links below are URLs to where the list of reportables reside for each county. These links may be moved/changed by the organization.

Instructions:

1. Use the following links to locate updated reporting requirements from CDPH and local public health jurisdictions.
2. Annual review of the state and local public health reportables will be captured by review of this document in Master Control.
3. Submit a revision of this document in Master Control to record any changes to the information below.
4. Update any links, if changed.
