### What's New On Your Bill

As part of our ongoing efforts to provide you with the highest quality and most reliable services

possible, we conducted a recent review of your monthly billing statement and have reclassified the High-Speed Internet service billing code that appears on your bill to a more updated billing code. You will continue to receive the same internet service and speed that you receive today and your monthly billed amount has not changed. However, you will see partial month charge and credit on this bill that reflects the reclassification from one billing code to another. Again, the total amount of billing for your Internet service will remain the same. If you have questions, please contact us at 866-755-7435. Thank you for choosing CenturyLink for your communication needs--we value you as our customer.

## Keeping You Connected

Charges for your local monthly service are billed one month in advance. Charges for other monthly services may be billed one month in advance or in arrears, for example, usage charges may be billed after the charges are incurred. CenturyLink should receive your payment for the total amount due on or before the due date on your bill. If you are unable to pay by the due date, please contact Customer Service to avoid possible collection action. All charges must be paid each month to keep your account current. Failure to pay non-basic charges may result in other collection activities, including restriction of long distance calls or removal of other services. CenturyLink packages of features and the amounts shown on the summary page may include both basic and charges that are not basic.

Cramming occurs when unauthorized charges appear on your telephone bill. To help prevent unwanted third party charges on your bill, contact CenturyLink and request, at no charge, a bill block that will prevent some third party charges such as charitable contributions, dial-up Internet by non-CenturyLink companies or other non-telecommunications charges from appearing on your bill.

Catalog/rate schedule information for your services is available without charge at your service provider's web site or by calling their toll-free number. Catalog/rate schedule information for CenturyLink services is available without charge at [www.centurylink.com](http://www.centurylink.com) or by calling the toll-free number listed on the summary page of your bill.

Understanding your bill has become a lot easier. CenturyLink has a wealth of resources that provide information about how to read and understand the contents of your bill. Visit [www.centurylink.com/understandmybill](http://www.centurylink.com/understandmybill) today to get started!
