

Central Processing RL6s July 2021

Date	RL6
7/1/2021	Shared urine sample from ED went straight to micro; UA was missed and sample was discarded. (urine may have arrived only in a GCC tube)
7/6/21 (occurred 6/30/21)	"Move tests to specimen" was used on a pediatric patient, 10 years old, and new accession routed to Lexington. Lipid Profile was not completed and sample was discarded by the time physician inquired about results.
7/6/2021	Urinalysis sample lost between CP and UA
7/9/2021	Tests for outreach patient ordered under incorrect outreach account
7/9/2021	Received wrong tube type for outpatient test. No specimen issues email sent. Needed test was not performed. Extra tube made for wrong tube type.
7/16/2021	Peds ED pedi tube with chemistry label scanned/received but put in extra rack instead of going to chemistry. Results delayed 1.5 hours
7/20/2021	Results delayed for ED patient - samples sent without all Beaker labels. Orders not processed when provider called about them.
7/22/2021	Peds ED Urine Drug Screen not received/poured off with UA sample. Results delayed 1 hour.
7/24/2021	Referral test put on packing list to HLA; when sample was found in HLA bin, it exceeded stability (should have been centrifuged within 2 hours of collection).
7/24/2021	CBC sample not scanned in for ED patient. Delayed results.
7/26/2021	POPL patient was registered under the incorrect birthdate. Results went to incorrect chart. Critical value unable to be called because providers could not identify the patient with the information used during incorrect registration.
7/26/2021	Medical genetics sample (lavender and/or green top) centrifuged and aliquoted.
7/26/2021	24-hour urine volume and results had to be corrected at chemistry bench from 1 Liter (L) to 1000 mL.
7/27/2021	Medical genetics sample (lavender and/or green top) centrifuged and aliquoted.

Central Processing Good Catch July 2021

7/8/2021	BAL received with printed order requisitions. Half the orders were canceled in Beaker due to patient being discharged. Contacted physician who wanted all tests completed. New orders placed.
