1. The OR STAT Lab (Tube Station 12) is open from **6am-7pm Monday-Friday**.
  - a. Labels for OR STAT Lab tests have a “Y” in the accession number. See the following example of an Intraoperative PTH for the OR STAT Lab:

2. If you receive an HCG Qual Serum for the OR STAT Lab after 7pm on a weekday, or any time on Saturday or Sunday, spin and deliver to chemistry bench Stat. The OR STAT lab accession will work for chemistry to result.
3. If you receive a PTH, INTRAOP on a weekday between 7-9pm, call the OR STAT lab first to see if someone is still working, 6-2181. If someone is working, send the sample to station 12. If no one is available, spin and deliver to chemistry lab. After 9pm or on weekends, spin and deliver to chemistry lab. The OR STAT lab accession will work for chemistry testing.

OR STAT Lab Test Name	Processing Instructions
HCG QL	Spin and deliver to Chemistry bench Stat
PTHIOR	Spin and deliver to Chemistry bench Stat
