

General Information

- a) Just a reminder we don't delete or unsuit FBE results if sample is diluted. Do all your checks and if identity of the sample is confirmed release result with a footnote against Hb. Use 'DILUTE' (F9 to expand).
- b) Contact Numbers for HOC:
Scheduler - 9076 5502
HOC ANUM - 9076 5501 / 0455 149 660

New Policies, Procedures, Alerts or Reminders

- c) Platelet QAP added to CD_HA_0812.
3 correct responses per year. First released, slide in morph bay and at Sandy. Submit via individual QAP files
- d) Paediatric morphology RCPA available for educational purposes
- e) Sendaways resulted as 'see image'. Only use 'abnormal' as directed by clinical team.
- f) New test code 'Slide Transfer' might appear on HH Haem Manual outstanding worklist – for action by senior, please notify them if still on list >6 weeks from collection date.
- g) New request 'MBBank' to allow additional samples for BB to be collected using eTQC collection process. Will print out 3 labels for additional pink top EDTA.
- h) Riva, Apix & Dabig (DOACs) requests now have two fields in Cerner, an anticoagulant level field and an anticoagulant reported field. DOAC results <25 ng/mL will be reported as <25 ng/mL in Powerchart. Example; Riva Level 15 ng/mL (viewable in Cerner) will appear as Riva Reported <25 ng/mL in Powerchart.

Rosters / Staffing / Recruitment

- i) Please cross-check kronos to excel roster, notify haem.lab.managers@alfred.org.au
- j) If you are requesting leave ie ADOs for OOH shifts please indicate in eHub comments who is covering those hours
- k) Easter Sat and Sun. If you wish to change your Easter entitlements for days not worked to extra leave or hours in lieu then email haem.lab.managers@alfred.org.au. If you do nothing then you will be paid your entitlement for days not worked

OH&S or Environmental issues

- l) Please continue to practice social distancing and remember the QR code to record use of the tearoom.
- m) No changes to mask wearing – see portal for guidelines
- n) Please read your internal email for vaccination updates

Staff concerns or suggestions for future “group consultation”**IT issues / Network Alerts / Trials / Projects**

- o) Unchanged - ISBT128 system validation by Cerner underway. Expected go live (without Bloodnet interface) is still expected to be June 2021
- p) Scatter plots now transferring. AMS build continues, not expected to meet predicted go live of 20th April, Mid May is looking likely. Email will be sent with updates as they happen.

New Staff / Social Events / Congratulations / Conference applications
