

Immunology House Keeping and Admin 16 | 26/09/2022

Staffing

- a) Lynsey's leave from end of Oct.
- b) Julian's sabbatical from Oct. For 6 months. Mayumi to email Priscilla about Cerner access, and Julian about who will be checking RCPAQAP survey results.

Changes to existing tests or requests for changes

a)

New Tests or equipment

- a) Julian met with Hans regarding EuroBlotOne. We will continue ENAs for 2-3 years. mid-range semi-automated instrument- EUROBlot Master OR EuroBlotOne. Is interested in introducing new antibody tests. Received updated quote for both. Steve to email Hans and Sue for next to see how to progress. Will require a new computer terminal for EUROblotMaster.
- b) 5-30ul multichannel pipette not NATA calibrated. No longer able to source replacement pipette from PathTech. Not keen to purchase another pipette due to cal checks and number of pipettes already in area. Buy new multi-channel pipette with NATA cal check. Retire old multichannel.
- c) Phadia250 N01849 out of service. Temperature in Immuno reaction chamber out of range at start of run. Using N10651 for both Autos and Allergies. Brendan has resolved issue.

Quality Assurance

- a) NATA Thurs Oct 6th- Mayumi on annual leave, Lynsey in 9:30-14:30pm. Chanelle 9-17:30. Mayumi to email link to ENA validation report to Jocelyn.

Stock / Inventory

- a) PEG Asparaginase drug to supplied by Servier (Tim Macnamara) ongoing.

IT issues / Network Issues

a)

Projects / Trials

- a) Multimer tank trial- Vertical tank run in fridge. Loan tank for repeat trial to change settings and agarose gel for better resolution with smaller gels. Then ask Mandy to review new method.
- b) Finishing precision testing for plate reader. Validation report should be finalised for the Oct ITC meeting.
- c) Mayumi trained in F8BA- Joe to sign off training log.
- d) Mayumi trained in VWFM- Lynsey to sign off training log.

Attendee list
