Letter of Agreement

Dear Dr. José Antonio de Jesús Álvarez Canales,

The purpose of this letter is to let you know that MTS's Lab Training and Competency Assessment system provides a comprehensive on-line resource for building competency, improving the quality of laboratory services, and meeting regulatory requirements. MTS is the only provider that offers these programs. MTS uses high quality images and videos and is used by over 1,500 laboratories and 200 MT/MLT training programs around the world.

Please let me know if I may be of further assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "M Hinch".
