

SCC-LIS_TIP OF THE WEEK

MODULE: SoftLab/SoftMic	SOFTWARE VERSION: 4.0.8
TOPIC: Deploying LIS icons to desktop	ISSUE DATE: 23 May 2018
DISTRIBUTION: End Users_All	PAGE: 1 of 1
ISSUED BY: April Darrach, Territorial LIS Administrator	

TOPIC/QUESTION:

My computer died and was re-imaged. How do I get the LIS icons on my desktop?

ANSWER/TIP:

Double-click on SCC Softupdate icon (bottom right toolbar). Expand the COMMON>SHARED and NWT>LIVE2 folders. Double-click on each application you want to launch. Green checkmarks indicate the application is already launched on the desktop

End user computer: SoftVisor, SoftLabMic, SoftMedia, SoftScape, SoftTotalQC, SoftRptLauncher(optional)

Supervisor/Team Lead Computer: SoftVisor, SecurityManagement, SoftLabMic, SoftMedia, SoftRptDesigner, SoftRptLauncher, SoftScape, SoftTotalQC, SoftWorkload
