

# SCC-LIS\_TIP OF THE WEEK

MODULE: SoftLab/SoftMic	SOFTWARE VERSION: 4.0.8
TOPIC: Reviewing System Notifications	ISSUE DATE: 08Jun2018
DISTRIBUTION: Technologists	PAGE: 1 of 1
ISSUED BY: M-L Dufresne, Territorial LIS Administrator	

**TOPIC/QUESTION:** A system notification disappeared before I got to see it!! Can I find it again?

**ANSWER/TIP:**

All "Received Messages" are saved to your SoftComm until you log out. If you miss one go to *SoftComm>View>Messages* and you will see the list of everything that has fired since you have been logged on.
