NWT LIS TIP OF THE WEEK

Module: SoftLabMic/SoftBank	**Software Version:** 4.0.8
Topic: Sending Orders to HIS	**Issued On:** 13 February 2019
Distribution: All Users	**Page:** 1 of 1
Issued By: April Darrach, Territorial LIS Administrator	

TOPIC/QUESTION:

When do I send orders to the HIS? How do I send orders to the HIS?

ANSWER/TIP:

Once results are verified (Core Lab/Blood Bank) or finalized (Microbiology) the order is essentially dead so any changes made after the fact are not updated in the HIS systems. Any orders that have changes made after results have been released must have the order sent to the HIS for the changes to apply in the Viewer/EMR. To get the get the changes in the HIS' we need to "Send the order to the HIS".

Core Lab	Micro Lab	Blood Bank
Perform in Order Entry	Perform in Micro Result Entry	Perform in Patient Order Screen
