

Core Laboratory Weekly Meeting
24 March 2021 (Wednesday)
Start Time: 1115 h
End Time: 1139 h

Attendees: Ren, Kaylan, Bayo, Amelia
Regrets: Theresa, Erin, Amy
Recorder: Jeff

I. Instrumentation Update:

No.	Topic	Author	Discussion/Action
1	OCD orders update	RR	<ul style="list-style-type: none"> We are expecting the arrival of our OCD (Vitros5600) supplies today, March 24th. Please don't forget to batch receive the reagents, as required.
2	ABL837 update	RR	<ul style="list-style-type: none"> We received the gas cylinders (one gas 1 and two gas2) yesterday, March 18th. The CREA needs a re-calibration. The solutions were changed as well as the membranes. After re-calibration and running of controls, CREA is good to go again.
3	New freezer installed	RR	<ul style="list-style-type: none"> The new freezer (Thermo) was installed last Friday, March 19th. V5600 cartridges were transferred from the TM freezer to the new one. The top portion is left for the CAP surveys as we will save them all except for whole blood samples. Both fridge and freezer were organized as they were being labeled alphabetically for easy access. UrineMicro fridge not closed properly
4	a) ESR vacuum tubes b) Mono kit test	RR	<ul style="list-style-type: none"> The ESR vacuum tubes (1 box) and Mono kit test (1 box) were both ordered on March 23rd.
5	Hay River Chemistry redirections	CP	<ul style="list-style-type: none"> Starting yesterday, March 23rd at 1631h, HR Chemistry samples will be redirected to STH as they are waiting for some parts of their Vitros to arrive. Redirected again to Hay River

II. Policy Review:

No.	Topic	Author	
1	Tardiness policy	RR	<ul style="list-style-type: none"> • Everyone needs to review the attendance policy concerning coming late at work. • If you're scheduled at 0700h, you must be in the lab by 0700h, not 0715h or 0730h. That applies to all other shift work schedule. • Please arrive in the lab on time.

III. Staff/COVID-19 Update:

No.	Topic	Author (s)	
1	Indigenous Cultural Awareness and Sensitivity Training	RR	<ul style="list-style-type: none"> • You can access it at MyHR Learning and Development Calendar. • It is a mandatory training and may take at least 12 months to complete. • There are eight (8) modules to complete. • Each module is good for 1.5-2.0 hours. • They are incredibly intense modules. • The modules can be accessed at home. • We can start doing this as per schedule. • We can book a staff in the computer room. • This e-mail was sent on March 12th.
2	Reaction Curve Session (IL)	LR	<ul style="list-style-type: none"> • There are two (2) suggested schedule for the Instrumentation Lab (IL) Reactive Curve Session by Lezlie Rein: <ol style="list-style-type: none"> a) March 16-19, 2021 and b) March 29-April 1, 2021. • Please let me know when you would like to watch the session.

IV. Suggestions:

No.	Suggestions	Author(s)
1	Moving the humidity/RT temperature gauge. Also, it was suggested to modify the chart and combine the humidity and RT temperatures logs in one (1) sheet. Furthermore, another suggestion of writing down the temperature on the log sheet rather than marking the chart.	KS
