

Core Lab Meeting Minutes

April 15, 2026
Time 1400

Attendee	Present?	Attendee	Present?	Attendee	Present?
Lisa(Recorder)	✓	Amelia	✓	Jolina	
Amy	✓	Hanna	✓	Brayden	✓
Erin		Uswald	✓	Florence	✓
David		Bayo	✓	Tessa	✓

- **Hand Hygiene Audits**- Weekly reminder and standing agenda item. Reminder there is a contest currently underway.
- **Accreditation Topic**- Referral Reports
- **IQMH**- We have started to receive our IQMH proficiency samples. A reminder of the change with these samples. When you are given an IQMH survey to run, once you have completed the testing, you will log onto the website, enter your results and hit Save. Once this is completed, I will go in and review your entries and do the final submission. When receiving the samples I require the date and time of receipt as well as the temp condition (White/Pink and if pink wat level)
- **Scheduling**- 8hr vs 12 hr- Still working on mock schedules, will hopefully have out this week for you to look at
- **ID Badges**- Please make sure you have your ID badges visible for patients to see.
- **Osmo**- Up and running- All QC levels will be run each day, in duplicate. Then each shift staff need to run the 290, in duplicate. I want the evening staff to run their own QC and it not be a task for days. When on call you can wait and run the 290 when you get a sample or you can run it before the end of your evening shift.
- **BB**- Patient was in that has an anti-kell. It has never showed up until we gave her a couple units. This can happen where it lays dormant and then once they receive blood it kick starts the immune system to make it again.
