

**Title:** CGEN, CGC  
**From:** CLT      **To:** EMC1

**Date:** 03/18/2016 15:40

Hi everyone,

Due to the electronic reporting of tests that are reportable to ODH we need to make sure that the specific site for Genital and GC cultures are entered. The SOURCE will remain OB/GY, NONOB or MGEN. The SITE must now be entered as vaginal, cervical, penis, urethral (a drop down box will have your choices when you toggle to the site). Please do not leave the site blank. If you do not know the source call the floor or for females enter vaginal and for males enter penis. This takes effect on Monday, March 21st. If you have any questions please contact Micro. Thank you, Christine  
Thank
