DATE: 04/07/20

SUBJECT: **Changing Cytogenetics Reference Lab from WFUBMC to NeoGenomics**

On Tuesday April 14, 2020 the Cone Health Flow Cytometry Lab will begin using NeoGenomics as our reference lab for cytogenetics and FISH testing. This new partnership will provide the laboratory with the opportunity to offer a more robust testing menu as well provide faster turnaround times on test results.

The required sample for peripheral blood is 2-5 mL in a sodium heparin tube.  
The required sample for bone marrow is 1-2mL in a sodium heparin tube.

Please call the Flow Cytometry Lab at 336-832-1459 if you have any questions.
