

# Weekly Updates

May 1, 2015

Test	Description of Changes	Affected Individuals
QCNet	Please use the 'Log out' button when you are finished with QCNet. We can have three concurrent users at any one time. Not logging out could 'lock' the system	Bench Techs
Afinions	Please see the new labels attached to the machines that identify which machine is which and the associated Cerner QC numbers.	All Staff
Multiple Encounters	We are still seeing multiple encounters. I highly encourage everyone to check for existing NPH Reference lab encounters prior to creating one. Please see me if you need help determining how to check for an existing encounter/HAR...	All Staff
INR Log Sheets	Each new bottle of INR strips should have a new log sheet started. Remember to enter the open date and the lot number of the strips at the top of the log sheet.	All Staff

**Procedure Additions, Updates and Changes:**
