

# Weekly Updates

May 15, 2015

Test	Description of Changes	Affected Individuals
Temps	Just a reminder to follow the slightly different directions for the ambient thermometer – for this one you have to delete both the min and the max. It appears that the max temp has not been deleted for several days.	Openers
Specimen Container Distribution	Stool culture has been added as an option.	All Staff
Complete Strengths Finder	Please complete this analysis by June 2 <sup>nd</sup> .	All Staff
Downtime	Please remember, that you should use downtime to complete all competency requirements.	All Staff
Temps	We are looking into a system that will automatically log temperatures. It looks VERY promising.	All Staff
AIDET Training	Please let Sherry know if you have never attended AIDET training or if you would like a refresher.	All Staff
Mandatory Data Security Training	This needs to be completed by Hennepin County employees by the end of May. Please notify Sherry upon completion.	All Staff
CREA	Please save high and low crea. Follow the requirements on the clipboard at the chemistry bench.	Bench Techs

## **Procedure Additions, Updates and Changes:**
