Woodstock Hospital RFID Staff Duress Badges

Pull Tag: Pulling this tag will trigger an alert to security as well as the badges of your fellow nursing unit members. Remember to push the tag back in after the event has been completed.

Blue Button: Pushing the blue button will trigger a staff assist which will only be sent to the badges of your fellow nursing unit members.

Red Button: Pushing the red button will trigger a staff assist which will only be sent to the badges of your fellow nursing unit members.

LCD Screen: Alerts will be displayed on this screen. The alert message can be removed from the screen by pushing the button with 3 lines which is next to the blue and red buttons
