

To comply with Joint Commission Laboratory standards an order must be present for any laboratory test, including Provider Performed Microscopy (PPM). An electronic order and results documentation will be available August 12, 2020 for all approved PPM tests and must be used. Enter this order **after** the test has been performed. The order will open the results entry form where findings are documented.

- 1. In a Provider Workflow view, search for "ppm" in the **New Order Entry** component.
- 2. Choose "Fern Test **PPM** POC" from the list of match results.
