

Make sure you're using the correct Wi-Fi network

May 1, 2023

The IU Health public Wi-Fi network (shown as IUH Public) is intended for **patients and visitors**, not team members.

Team members using personal devices must use the secure “eduroam” network instead of IUH Public for a faster, more secure and more reliable user experience. To access, select eduroam from the list of available networks and enter your IU Health email address and password to log in.

If your device is enrolled in Microsoft Intune (**Apple** or **Android**), it will automatically connect to the eduroam network.

See the [guide for connecting to the Internet at IU Health](#) for more information. Requested fields may vary depending on your device's operating system.

Questions? Call the Service Desk at 317.962.2828.
