## Select the correct FIN # at Dispense located on the Deliver Product Request.

- 1) Multiple ACTIVE encounters/FIN can be available on a single patient
- 2) First encounter/FIN listed in Dispense window may NOT be the correct one
- LOOK through list to MATCH the CORRECT FIN# to the one listed on the Deliver Product Request.
- 4) DO NOT Dispense products using the incorrect encounter/FIN.
  - a. This causes problems with charges going to the wrong unit and not to the patient
  - b. Affects multiple departments: causing extra time to investigate and correct error
