3

Scheduling Reminder

- If you are running a patient that needs to be scheduled, please grab LaToiya or Robin to assist.
- If they cannot assist or are not in, please grab a call slip from Anita's desk, write down the patients' name, phone number, and preferred date/time. Place the slip into Robin's box and the patient will be contacted,
- Any issues, please come to me (Sakiah) directly, I am also assisting with any urgent requests

Indiana University Health

4

Open positions

5

- 2 FT RN
-Req # 386321

Indiana University Health

5

Cerner Bridge

6

- Ticket placed for plasma scanning issue
- Discussions are happening for a possible process change to NOT pool the plasma

Benefits	Hassles
Less plasma wait time	More bags to scan
Extended expiration date/time	

Indiana University Health

6

CAR T

7

- Tubing requirements.
 - standardize 12-inch tail for most?
 - BMS is the only product that would not allow this
- Job-Aids are going around for your commentary (if they are lost then I will email)
- Autolus
 - New CAR T cell product from the UK
 - IDMs are drawn within 30 days AND the day of collection
 - Portal requires documentation of IDL set and ACDA product codes, lot, and expiration date.

Indiana University Health

7

Heat Sealing

8

- Do not put tension on the tubing (best to just mainly let it dangle)
- Squeeze the handle of the heat sealer until the light discontinues
- Any time there is an open end on any of the collection bag tubing then a nonconformity will be necessary.

Indiana University Health

8

Holidays Schedule Reminder

9

- Christmas
 - ½ day the day before Christmas
 - DO NOT schedule patients for the day after
 - Sarah will cover phone calls from home (phone will be forwarded)
- New Year
 - ½ day New Year's Eve

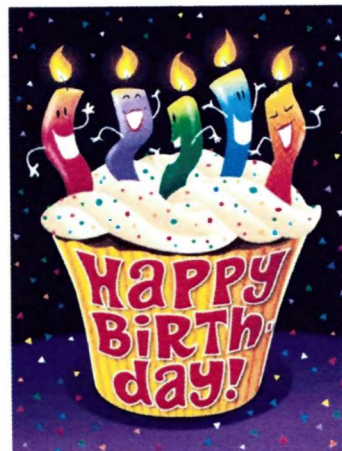

Indiana University Health
