

SECTION 1: Summary of Kite Procedural Changes

Revised Kite Document(s)	Document #	Document Title	Rev. #	Planned Effective Date
	SOP-00309	Commercial Apheresis Center Verification, Collection and Packaging- US	16.0	06-APR-26
	GXPMAN-00741	Kite Konnect Apheresis App User Guide	1.0	06-APR-26

Summary of Change(s)

- **Kite Konnect® Apheresis App update (2026 Enhancements):**
 - The Apheresis Collection Module (ACM) has been renamed to the **Kite Konnect® Apheresis App**.
 - TRN (training slides) updated with current screenshots from the Kite Konnect® Apheresis App.
 - Navigation and screen layout have been updated to improve usability and visibility of key information.
 - Collection steps have been streamlined and consolidated for a clearer workflow.
 - Patient information is now displayed using patient cards with improved visual indicators.
 - Packaging and shipping steps have been combined into a single, simplified milestone.
 - Multi-bag collections are more clearly defined, with improved tracking for each bag.
 - Reference documents, guides, and training materials are now available in the **Resource Center** within Kite Konnect®.
- **SOP-00309 administrative and clarification updates:**
 - SOP language updated to align with the Kite Konnect® Apheresis App name and functionality.
 - References updated to current user guides, training documents, and resources available in Kite Konnect®.
 - Clarified roles and points of contact; Kite Konnect® remains the primary contact for system and process support.
 - Removed outdated or unnecessary forms and attachments that no longer apply.
 - Clarified documentation expectations for patient identity and label verification within the app.
 - Minor editorial and formatting improvements to improve readability and clarity.

The revised SOP and associated documents will be available directly in Kite Konnect® on the Planned Effective Date. If you have any questions, please reach out to your local Quality representative.
