QC of Specimen Receipt from Outside Facilities and Remote Sites Policy

Adopted Date: 08/09/11 Revision Date:
--

PURPOSE

To provide a documented system to ensure the monitoring of specimen quality from remote sites.

PROCEDURE

Laboratory supervisors / managers are to notify any outside facility or remote site regarding any issues that may arise that may compromise the integrity of the specimen through specimen collection and submission.

The communication regarding the issue with the outside facility or remote site is to be documented in the PowerPath, in the cases Notes section.
