Curio Competency 2026- End User Guide

Impacted Areas
All lab staff except Phlebotomy, Processing and Couriers

## Why this Matters
Competency verifies safe, consistent practice and keeps us compliant with CAP/CLIA. We want to make it easier to audit and find.

MY ASSIGNED LEARNING

|	Due Date	Action
Meridian Chemistry Competency Curriculum	None	Open Curriculum
Waste Management FM003	11/27/2025	Launch
Fall Risk and Prevention for Laboratory Staff	None	Launch
Blood Specimen Collection	None	Launch
Preceptor Foundations Curriculum	None	Open Curriculum

- Each Competency will be broken up by bench and location
- Competency cannot be signed off by the end user
- Open the Curriculum to see the Checklists and Critical Thinking

- When you open the curriculum a message appears with instructions
- DO NOT CLICK DON'T SHOW THIS AGAIN!
- Just click the X in the top right

- You can take the Critical Thinking at any time. Just click in, start it, and save if you have to leave
- You can return to it at any time and it will save your responses.
- If you fail, you will have the opportunity to retake without approval.

- Click on the Competency Checklist
- In the upper right corner, click on View Checklist
- End users will not be able to directly fill out the checklist.
