

PATHOLOGY & LABORATORY MEDICINE SERVICE FIRE RESPONSE PLAN

R.A.C.E

- *Rescue persons in immediate danger while calling for help to execute the remainder of the plan action.*
- *Alarm should be pulled, also dial ext. 4999 and report location of fire to operator. Alert persons in the vicinity.*
- *Contain the fire. Close all doors, including any fire or smoke-barrier doors, and shut off any fans.*
- *Evacuate patients, visitors, and employees from the danger area.*

EVACUATE THE BUILDING FOR ALL ALARMS:

Primary Meeting Location: Building 1, Main Entrance Flag Pole

Secondary Meeting Location: Employee Parking Lot 5

PERSON IN CHARGE

Primary: Chief of P&LMS

Secondary: Laboratory Manager/Laboratory Safety Officer

RESPONSIBILITY OF PERSON IN CHARGE:

1. Ensure Fire Alarm has been activated and 4999 called.
2. Account for all individuals.
3. Act as the liaison to the VA Police and Fire Dept. On Scene Commander.
