

Cornea Donation: Did you know?

You can share HIPAA information with us.

HIPAA: Cadaveric organ, eye, or tissue donation

Covered entities may use or disclose protected health information to facilitate the donation and transplantation of cadaveric organs, eyes, and tissue.

45 C.F.R. § 164.512(h).

Thank you

Thank you for your help in providing patient records to our transplant donor coordinators and recovery technicians.

The information we request is vital to supporting families and insuring tissue safety for recipients.
