Taxes & Fees - Taxes & Fees include government fees and taxes that we collect and are required by federal, state or local law to remit to the appropriate governmental entity (including, but not limited to use, excise, public utility, and E911). This may also include certain fees and costs incurred by us as a result of providing service, such as universal service fees (USF). We elect to collect them in order to recover or help defray the costs we incur. These fees, and what is included in the fees, may vary by locale or may change from time to time without notice.

Regulatory Recovery Fee - We collect and retain this fee to recover some of the costs we incur to comply with local, state and federal governmental mandates and programs, including, but not limited to, E911, local number portability and number pooling. We may impose the fee whether or not the benefits of any or all of these mandates and programs are available to you in your location.
