Proposal: Industrial Hygiene Support Services

Dear Ms. Olson:

Thank you for the opportunity to present this proposal for industrial hygiene support services to be provided for Forbes Hospital. This survey will provide data regarding airborne contaminants and can be used to assess overall compliance with Occupational Safety and Health Administration (OSHA) and the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) requirements. Sampling will be conducted as follows:

Area	Sample Type	Analysis
Grossing Area	1 Full Shift Personal 1 Short Term Personal	Formaldehyde and Xylene Formaldehyde
Histology	1 Full Shift Personal 1 Short Term Personal	Formaldehyde and Xylene Formaldehyde
Cytology	1 Full Shift Personal 1 Short Term Personal	Formaldehyde and Xylene Formaldehyde
Frozen Section Office	1 Full Shift Area	Formaldehyde and Xylene

Note: One blank sample will be submitted for both formaldehyde and xylene as a quality control measure.

A final report will be prepared that will include observations made during the survey, results of air monitoring, and recommendations for further action if necessary.

All field work and report preparation will be conducted by an individual certified in Comprehensive Practice by the American Board of Industrial Hygiene and the Board of Certified Safety Professionals. All samples will be analyzed by a laboratory accredited by the American Industrial Hygiene Association (AIHA). CIH Services, Inc. is certified as a Small Diverse Business by the Commonwealth of Pennsylvania and maintains professional errors and omissions liability insurance.
